- Design and construction of special waterproof layer under the tourniquet cuff

## Skill Improvements

- Workshop: Writing innovative activities, *2021*
- Workshop: Curriculum management, *2021*
- Workshop: Scholarship, *2021*
- Workshop: Ethics in clinical trials, *2021*
- Workshop: Ethical principles of working with laboratory animals, *2021*
- Workshop: Design of various tests in Navid system, *2021*
- Workshop: Question design and uploading in Saba system, *2021*
- Workshop: creation in teaching, *2021*
- Workshop: Proposal writing skills, *2020*
- Workshop: Systematic review: Basics of assessing the quality of articles, *2020*
- Workshop: Systematic review and meta -analysis: Extract effect size, *2020*

- Workshop: What indicators do you expect to estimate in what kind of studies?, 2020
- Workshop: Solutions for finding experts in various fields at the international level and scientific cooperation, 2020
- Workshop: Research Methods, 2020
- Workshop: How to have a good online class?, 2020
- Workshop: How to make an audio podcast? 2020
- Workshop: Get acquainted with present-day techniques that came from Virtual Education , 2020
- Workshop: Virtual morning report, 2020
- Workshop: Interact in Virtual Education, 2020
- Workshop: online exam, 2020
- Workshop: Common Mistakes in Generating Virtual Content, 2020
- Workshop: Electronic education.
- Workshop: How to use Max QDA software
- Workshop: Systematic review
- Workshop: referencing by Harvard's method
- Workshop: How to measure validity

- Workshop: Search Strategy: Basic and Advanced, 2020
- Workshop: Familiarity with plagiarism, 2020
- Workshop: End Notes, 2012
- Workshop: Electronic education
- Workshop: How to use Max QDA software
- Workshop: referencing by Harvard's method
- Workshop: ICDL
- Workshop: SPSS
- Workshop: new methods in clinical education
- Workshop: How to measure validity
- Workshop: duties of teachers & educational instructions
- Workshop: education of research method
- Workshop: educational planning, teaching methods & evaluation
- Workshop: how to guide & consult with your student
- how to do an effective relationship with yourself & others
- Workshop: improving quality of clinical education
- Workshop: qualitative research methods
- Workshop: meta-analysis
- Workshop: recording nursing interventions

- Workshop: how to write an article in English language

- Workshop: primary workshop of teaching methods and planning

- Workshop: questioner planning & survey studies

- Workshop: teaching-learning in clinic

- Workshop: Critical appraisal

## Theses Supervision

- **The effect of an upper respiratory care program on incidence of ventilator associated pneumonia in mechanically ventilated patients hospitalized in intensive care units.** *As first supervisor 2017 - 2018*

- The effect of chamomile on nausea, vomiting and abdominal flatulence after laparoscopic cholecystectomy in patients referred to the operating room of selected hospitals affiliated to Isfahan University of Medical Sciences in 2020-2021. *As first supervisor 2020*

- Investigating the relationship between patients' privacy and their satisfaction From the perspective of patients and operating room staff in the operating room of selected hospitals of Isfahan university of medical sciences in 2021. *As first supervisor 2021*

- The effect of Vancomycin Powder and Povidin -Iodine In the Prevention of Wound Infection in Open Lower –limb Fractures Undergoing Open Reduction and Internal Fixation in Rafsanjans' Hospitals In 1400. *As first supervisor 2021*

- Evaluation of the effect of using abdominal binder on the amount of vaginal bleeding, pain intensity and mobility after cesarean section in patients referred to the operating room of selected hospitals of Isfahan University of Medical Sciences in the year 2021. *As first supervisor 2021*

- The relationship between using betadine solution for hand scrub on urine iodine concentration in operating room staff of selective hospital of Isfahan University of Medical Sciences in 2021

- Evaluation of the effect of using a special waterproof layer under the tourniquet cuff complications of the patient in tibial fracture surgeries in selected hospitals of Isfahan University of Medical Sciences in 2022
