

CURRICULUM VITAE

PERSONAL PARTICULARS

Name: Alaleh Gheissari
 Address: Paediatric Nephrology Department, Isfahan Medical University, Isfahan, Iran
 Residency: Iran
 Email contact: gheisari@med.mui.ac.ir
alaleh.gheissari@gmail.com
 Mobile contact: +98 9130004250
 +98 9120494373

CURRENT POSITION

Position: Professor of Paediatrics, Paediatric Nephrologist
 Institution: Department of Paediatrics,
 Isfahan University of Medical Sciences, Iran.

CAREER PROSPECTS SUMMARY

I have been a faculty member of Isfahan University of Medical Sciences (IUMS) as a pediatrician since 1995 (after finishing residency course in pediatrics).

In addition, I have four years experience in pediatric emergency department from 1995 until 1999 in two university affiliated hospitals plus 21 years of practice as a clinical nephrologist.

My career as a *pediatric nephrologist* started since 2002 (after finishing sub-specialty course in Iran University, Tehran) when I started to work in two university affiliated hospitals.

During my tenure, I have supported the expansion and enhancement of the current field of pediatric nephrology in my department, developed pediatric nephrology courses, and supervised over 60 MD and Speciality students' dissertations over the past years. My papers have been cited more than 1530 times (h-index 19 until now).

I have contributed significantly to setting up and running Pediatric Chronic Ambulatory Peritoneal Dialysis (CAPD) unit in Isfahan, and also expanded pediatric kidney transplantation especially from deceased donor.

I have been one of the *founding members* of Iranian Association of Pediatric Nephrology.

EDUCATION & EMPLOYMENT

Current Position: Professor: Isfahan University of Medical Sciences, Iran (since 2014).

Director of Pediatrics group since March 2018

Associated Professor: Isfahan University of Medical Sciences, Iran (2006-2014)

Assistant Professor: Isfahan University of Medical Sciences, Iran (1995-2005)

Sabbatical Course: Medical University of Monash, Melbourne, Australia (2006)

- A 9-month course. I collaborated in a study on IgA nephropathy and immunohistochemical staining with the supervision of Professor Atkins, Professor Kerr and Dr Paterson.
- The result of this collaboration was presented on the USA nephrology conference.

Subspecialty in pediatric nephrology: Iran University of Medical Sciences, Tehran, Iran (1999-2001)

Specialty in Pediatrics: Isfahan University of Medical Sciences, Iran (1991-1994).

General Practitioner (MD): Isfahan University of Medical Sciences, Iran (1991).

As a general practitioner, I worked in a disadvantaged poor socio-economic district of Iran (Izeh town in Khoozestan province) for 6 months (before commencing pediatrics residency course).

TEACHING AND COURSE DEVELOPMENT

- Improving and extending a course on CAPD in children, since 2001.
- Improving and extending a course on kidney transplantation in children since 2001.
- Pediatric nephrology courses at bedside for pediatric residents and undergraduate students.
- Lectures on Pediatric Nephrology for pediatric residents and undergraduate students in IUMS
- Bedside teaching of inserting acute peritoneal catheter for pediatric residents.
- Bedside teaching of kidney biopsy for pediatric residents.
- Weekly lectures on fundamentals of pediatric nephrology for pediatric residents.
- Lectures on pediatrics and pediatric nephrology for pharmacology students.
- Lectures on pediatrics and pediatric nephrology for nursing and obstetrics students.
- Lectures on pediatrics and pediatric nephrology for general practitioner, pediatricians and pediatric nephrologist nationwide.
- Planning and launching early steps of pediatric nephrology subspecialty course in IUMS.

LANGUAGES

English: fluent in writing, reading and speaking.

Persian: fluent in writing, reading and speaking.

AWARDS

- 2011: Distinguished Researcher of Isfahan University of Medical Sciences (IUMS), yearly award.
- 2011: Distinguished Pediatrician award (In Isfahan Province), yearly award.
- 2012: Distinguished Pediatrician award (In Isfahan Province), yearly award.
- 2011: The best paper of international pediatric nephrology, Mashad, Iran.
- 2010: The top ten researchers of IUMS, yearly award.
- 2010: The best paper of International pediatric congress in Iran.
- 2010: the best paper of International student congress, Germany

- 2008: The top-ten researchers of IUMS, yearly award.
-

BOARD RANKINGS

- 1994: Ranked 5th in the country in national board exam (Pediatrics speciality)
- 1999: Ranked 1st in the country in the written entrance exam for subspecialty in Pediatric Nephrology.
- 2002: Ranked third in the country in national board exam (Pediatric Nephrology subspecialty).

MEMBERSHIPS

1. PHD students research committee from 2006-2007.
2. Iranian Pediatric Nephrology Association since 2008.
3. IPTA: since 2007
4. IPNA: from 2007 till 2010 (the membership could not be renewed due to the sanction).
5. Isfahan kidney Diseases Research Center (IKRC) since 2007
6. Isfahan Urological Disease Research Center since 2009
7. Isfahan Children health promotion center since 2010
8. A member of Isfahan University Research Committee for basic science researches from 2008-2012
9. A member of Isfahan University Research Committee for Clinical Researches from 2006 to 2008 and 2013 till now.
10. A member of Isfahan Medical School Research Committee from 2009 to 2010.
11. A member of Examination Committee to award Pediatrics Specialty qualification
12. A member of a special committee designated to promote children's health in Isfahan province.
13. Head of Pediatric Nephrology Department since 2010
14. Head of Isfahan University Pediatrics Group in 2012
15. A member of Dialysis Committee in Isfahan province from 2014-2016
16. Consulting physician of Isfahan Medical Council
17. Head of Isfahan University Pediatrics Group from 2018-2022
18. Head of research Council of Isfahan University of Medical sciences from 2018-2019

Review of Journal and conferences

1. Pediatrics Journal
2. Nephrology Journal
3. IJPVM journal
4. Saudi Journal of Kidney Diseases and Transplantation
5. Iranian Journal of Kidney Diseases
6. Journal of Research in Medical Sciences
7. JIMS

CONFERENCE Lectures

1. More than 70 conferences in the last years (International and domestic)

BOOK CHAPTERS,

- Translated in Persian: The advanced pediatric life support
