Research Projects

- Development and Psychometric Evaluation of the Female Infertility Stigma Instrument (ISI-F). 2109.
- Translation and Psychometric Evaluation of the Infertility Stigma Consciousness Questionnaire, 2018
- Experience of surrogate mothers (a qualitative research), 2018
- Status of depression in mothers of exceptional children, 2013
- Comparison of Chamomile and mefenamic acid on primary dysmenorrhea, 2013
- Midwives experiences of using critical thinking, 2012
- Investigate the association between waist-hip ratio with the risk of PMS, 2011
- Comparison of acupressure and ginger to Relieve Nausea and Vomiting in Pregnancy, 2010
- Investigate the relationship between Waist to Hip Ratio with preeclampsia, 2008
- The relationship between mode of delivery and quality of life, 2008
- Quality of life of postmenopausal women and its related factors in Kashan city, 2008
- Third stage of labor and its related factors in patients referred to Shabihkhani hospital in Kashan city, 2006
- Two anthropometric indices and related factors in women, 2003

Publication

- Population and Family Planning, 9th Printing, 2013, Andishe rafi Publication, Tehran, Iran.
- (1st Printing 2006)
- Infections & immunization in pregnancy & lactation, 2nd edition, 2012, kankash Publication, Isfahan, Iran.
- Infections & immunization in pregnancy & lactation, 1st edition 2009, kankash Publication, Isfahan, Iran.

Conferences

Presented more than 90 papers in national and international congresses

Theses Supervision

- Relationship between Dietary pattern and ART outcome.
- Ethical challenges in embryo donation.
- Effect of vitamin D supplement on IVF outcome.

- Relationship between follicular fluid vitamin D and ART outcome.
- Association between Causes of Infertility & marital relationships in infertile couples in infertility centers, 2014
- The effect of stretching exercise and walking on changes of blood pressure in nulliparous women, 2013
-
