Education

(Most recent Date ,Degree/
Course, Department / University,
Dissertation title)

Assistant Professor , Department of Oral and Maxillofacial Surgery,
School of Dentistry, Isfahan University of Medical Sciences, Hezar
jerib St., Isfahan, Iran

Research

Experience (Date, Title, University / Organization, Description)

2023- Biplanar approach to the transfollicular forehead and brow lift: a technical note- Department of Oral and Maxillofacial Surgery, School of Dentistry, Isfahan University of Medical Sciences, Hezar jerib St., Isfahan, Iran

2023- Reconstruction of Severely Atrophied Mandible and Simultaneous Implant Insertion with an Inverted Sandwich Technique- Department of Oral and Maxillofacial Surgery, School of Dentistry, Isfahan University of Medical Sciences, Hezar jerib St., Isfahan, Iran

2023- Evaluation of the effect of green tea extract on postoperative pain management following surgical removal of impacted mandibular third molar-- Department of Oral and Maxillofacial Surgery, School of Dentistry, Isfahan University of Medical Sciences, Hezar jerib St., Isfahan, Iran

2022-Juvenile ossifying fibroma in adult patient: a rare case report-Department of Oral and Maxillofacial Surgery, School of Dentistry, Isfahan University of Medical Sciences, Hezar jerib St., Isfahan, Iran

2022- Granular cell odontogenic tumor: report of a rare case and a review of literature- Department of Oral and Maxillofacial Surgery, School of Dentistry, Isfahan University of Medical Sciences, Hezar jerib St., Isfahan, Iran

2022- Hybrid Distractor for Continuous Mandibular Distraction Osteogenesis -- Department of Oral and Maxillofacial Surgery, School of Dentistry, Isfahan University of Medical Sciences, Hezar jerib St., Isfahan, Iran

2022-Functional denture obturator for marsupialization of residual cyst: A novel approach-- Department of Oral and Maxillofacial Surgery, School of Dentistry, Isfahan University of Medical Sciences, Hezar jerib St., Isfahan, Iran

2022-The antibacterial activity of nasturtium officinale extract on common oral pathogenic bacteria-- Department of Oral and Maxillofacial Surgery, School of Dentistry, Isfahan University of Medical Sciences, Hezar jerib St., Isfahan, Iran

2022-Effect of Dexmedetomidine Added to Lidocaine Cartridge on the Level of Patient Sedation, Cooperation, and Patient and Surgeon Satisfaction during Mandibular Third-Molar ...-- Department of Oral and Maxillofacial Surgery, School of Dentistry, Isfahan University of Medical Sciences, Hezar jerib St., Isfahan, Iran

2022-Two-Axis Continuous Distractor for Mandibular Reconstruction-Department of Oral and Maxillofacial Surgery, School of Dentistry, Isfahan University of Medical Sciences, Hezar jerib St., Isfahan, Iran

2022-Microbiological Evaluation of the Antibacterial Vicryl Suture in the Mandibular Third Molar Extraction Surgery -Department of Oral and Maxillofacial Surgery, School of Dentistry, Isfahan University of Medical Sciences, Hezar jerib St., Isfahan, Iran

2022- Hybrid Distractor for Continuous Mandibular Distraction Osteogenesis. Bioengineering 2022, 9, 732- Department of Oral and Maxillofacial Surgery, School of Dentistry, Isfahan University of Medical Sciences, Hezar jerib St., Isfahan, Iran

2022- Midface advancement in an adult patient with Crouzon syndrome: Modified LeFort III+ LeFort I osteotomy accompanied by genioplasty and nasal dorsum augmentation- Department of Oral and Maxillofacial Surgery, School of Dentistry, Isfahan University of Medical Sciences, Hezar jerib St., Isfahan, Iran

2021-Evaluation of the CBCT imaging accuracy in the volumetric assessment of unilateral alveolar cleft-- Department of Oral and Maxillofacial Surgery, School of Dentistry, Isfahan University of Medical Sciences, Hezar jerib St., Isfahan, Iran

2021-Microbiological evaluation of the antibacterial Vicryl suture in the mandibular third molar surgery-- Department of Oral and Maxillofacial Surgery, School of Dentistry, Isfahan University of Medical Sciences, Hezar jerib St., Isfahan, Iran

2021-Review of physical stimulation techniques for assisting distraction osteogenesis in maxillofacial reconstruction applications-- Department of Oral and Maxillofacial Surgery, School of Dentistry, Isfahan University of Medical Sciences, Hezar jerib St., Isfahan, Iran

2021-Injection of lidocaine alone versus lidocaine plus dexmedetomidine in impacted third molar extraction surgery, a double-blind randomized control trial for postoperative pain ...- Department of Oral and Maxillofacial Surgery, School of Dentistry, Isfahan University of Medical Sciences, Hezar jerib St., Isfahan, Iran

2020- Histological and radiological evaluation of low-intensity pulsed ultrasound versus whole body vibration on healing of mandibular bone defects in rats- Department of Oral and Maxillofacial Surgery, School of Dentistry, Isfahan University of Medical Sciences, Hezar jerib St., Isfahan, Iran

2020- Saliva samples as an alternative for novel coronavirus (COVID-19) diagnosis

2020- Coronoid Hyperplasia (Jacob's Disease) as a Rare Cause of Restricted Mouth Opening: a Case Report

2019-Continuous distraction osteogenesis device with MAAC controller for mandibular reconstruction applications

2017- Management of naso-orbito-ethmoid fractures: a 10-year review

2017- Chin symphysis bone, allograft, and platelet-rich fibrin: is the combination effective in repair of alveolar cleft?

2017- Correlation coefficients of three self-perceived orthodontic treatment need indices

2017- Changing the sensitivity of nasal swab test during the course of the COVID-19 infection and its role in this viral outbreak

2017- Bilateral Sagittal Split Osteotomy: Is Anything Else to Facilitate the Technique?

Teaching Interests:

Oral and Maxillofacial Surgery
