RESEARCH INTEREST

Medical and Health informatics, Developing Health Information Systems, Clinical ontology models, Data/Information quality, Ontology-based approaches in CDM, Data modeling in health information systems, Clinical Informationist

POSITIONS AND EMPLOYMENT

I founded the Health Information Technology Research Center (HITRC) in 2006 and also the Clinical Informationist Research Group (CILA) in 2018 at Isfahan University of Medical Sciences. Currently, I am working as head of the Clinical Informationist Research Group and as an associate professor in the Medical Informatics Dept., faculty of management and medical information Sciences as well as in the medical library and information sciences dept. Also, I am a full-time member of the Health Information Technology Research Center, at Isfahan University of Medical Sciences, Isfahan, Iran.

PUBLICATIONS AND CONTRIBUTIONS

BOOKS

1. Ontology in health information systems

Publisher: Tehran, Vazhepardaz: 2025 ; ISBN: 9789647945677 (published in Persian)

Authors: Rahimi A, Sattari, S.

2. Proceeding of the 1st National Conferences of Communication Skills for Librarians
